WHO ARE THE TRANSPORTATION PROVIDERS?

UBER QUALIFIED

Uber only partners with drivers who are screened and have a keen eye for customer service.

RIDER RATED

Rider feedback helps us work with drivers to constantly improve the Uber experience.

SCREENED & INSURED

From insurance to background checks, every driver is properly vetted in a way that exceeds what is currently required by the city.

BACKGROUND CHECKS YOU CAN TRUST

Every ridesharing and livery driver is thoroughly screened through a rigorous process we've developed using constantly improving standards. This includes a three-step criminal background screening for the U.S. – with county, federal and multi-state checks that go back as far as the law allows – and ongoing reviews of drivers' motor vehicle records throughout their time on Uber.
